Dean,

I have reviewed the documents you provided and they have been very helpful. Would it be possible to get a color version of the attachments that were included with 6/18/14 2:17 pm email (pages 59-61 of the document you made available)? Would it also be possible to get a copy of the photos attached to the email sent by Matt McDonald on 8/28/14 10:36 am (page 91 of the document)? Did you take any photos on your 9/3/14 site visit (referenced on page 93)? If so, can I please get a copy of those photos? Any assistance you can provide will be appreciated. Thanks

Subject: Link to Documentation

Here you are Delia. There is probably another message coming to you saying you have a download available, but I thought I would send the link directly as well so you had it as soon as possible.

Let me know if you have any questions, but as I said, this would be from the beginning of the phase, through the violation and our enforcement actions, to the next winter when things were being stabilized.
